AMENDMENT

Assistant Commissioner of Patents
Washington, D.C. 20231

20

Dear Sir:

Responsive to the Office Action dated May 3, 2000, please make the following changes to the
above-referenced application.

RECEIVED
AUG 21 2000
FC 1700 MAIL ROOM

IN THE CLAIMS:

25

Please amend the following claims:

30

1. (Amended) An apparatus for treating at least partially fixed biological tissue to
inhibit calcification of the tissue following implantation in a mammalian body, comprising:

a flow container;

a supply of treatment fluid;

a fluid input to the container;

a fluid output from the container;

a tissue mount for positioning the at least partially fixed biological tissue within the
container between the input and output and restrain its gross movement therein; and

means for heating the fluid to a temperature greater than body temperature

35

(>37°C).

8. 9. (Amended) The apparatus of Claim 1, wherein the flow container comprises an upstanding
tube, the fluid input being located at [inlet aperture is in] the lower end of the tube and the fluid
output being located at [outlet aperture is in] the upper end of the tube, the apparatus further
